STORAGE SOLUTIONS

Super Pro Ceiling Storage Unit

The Super Pro Ceiling Storage Units feature a unique design and floating rail system that allow for installation in any garage, with any ceiling truss design, even on pitched ceilings. The down-rod supports can be installed anywhere along the frame rails and all units adjust from 24" to 44" in height. An integrated capture rail helps ensure content do not fall. Space-saving HyLoft® Add-on Hooks can be used with all Super Pro units. Made of durable steel with an attractive, scratch resistant power coated finish these units can hold between 300 – 600 lbs. when evenly distributed.

Product Information & Details
